DISINFECTS

It Cleans, Deodorizes, and Disinfects Without Damaging Surfaces!

Facility+ is a versatile, concentrated, single product solution to clean, disinfect, and deodorize your entire facility. The hydrogen peroxide based formula provides an efficacy-proven alternative to traditional products.

✓ **EPA approved**

Facility+ is a powerful, broad spectrum disinfectant with a wide array of bacterial and virucidal claims that make it a true one-step cleaner and disinfectant.

✓ **The power of peroxide**

Facility+ is hydrogen peroxide based with proprietary technology developed by Midlab to make it a more effective and versatile disinfectant cleaner.

✓ **Versatility**

Bathrooms, glass/mirrors, floors, or even carpet... Facility+ will give you outstanding results every time on anything you clean.

✓ **Ease of use**

Training is one of the key challenges faced by cleaning professionals. Facility+ makes it easy with just one product to use for all your daily tasks.

✓ **Economy**

Facility+ allows users to eliminate SKUs, streamline processes, and effectively clean and disinfect in one step. All at an economical cost!

Utilizing Midlab's closed-loop Chemical Management System provides an additional layer of simplicity and protection to keep your workplace safe from concentrated chemicals, as well as ensuring accurately diluted product to properly disinfect and clean.

FACILITY+™

One Step Disinfectant and Deodorant

Hydrogen Peroxide Based
